

MINUTES: Centerville Township Windmill Ordinance Committee, January 15, 2007

Present: Carolyn Weed, Richard Light, Richard Kobetz, David Wurm

Absent: Joseph Czerniak, Mark Zemanek, Dale Pleva, Gary Cook, Molly Hyde, Travis Nelson

Weather & personal difficulties played a role in attendance at this meeting.

Since this meeting did not get posted with the proper public notice all decisions need to be reviewed at the next meeting. The purpose of tonight's discussion was to review the Application Requirements and the Appendix for grammatical errors. Since most decision making has occurred this meeting only contained changes to clarify the groups understanding of the committee previously made decisions. The one big question the committee discussed was the Total Generating Capacity. This still needs further discussion.

We also clarified the Site Plan requirements for both area and site plan maps. Some of the items need to be on the Area maps and others need to be on the Site Plan map. Others should be illustrated on both the Area and Site Plan maps. We clarified this to make it better understood by the applicant when applying.

Other changes can be reviewed on the final draft which should be ready at the next meeting.

David Wurm was asked to request a format of how the Commercial Wind Energy Ordinance Committee should present to the Planning Commission the final Ordinance. Next Centerville Township Planning Commission meeting will be held on Feb. 6th, 2007.

The meeting lasted about 1.5 hours.

The next meeting is scheduled for January 29, 2007.

Respectfully submitted,

David Wurm, acting secretary in the absence of Molly Hyde
